

MoSCoW Prioritisation

Status: Concept / MVP design | Domain: Community technology and diaspora services | Role: Founder and Product Business Analyst

Prioritisation basis

Priority reflects business criticality, user impact, risk and the minimum viable service. Could and Won't items are recorded so the scope conversation is visible.

Prioritised scope

Priority	ID	Item	Rationale
Must	BR-01	Users discover relevant groups by location and interest	Needed for improve trusted community discovery
Must	BR-02	Verified status is clear and controlled	Needed for improve trusted community discovery
Must	BR-03	Users control location visibility and notifications	Needed for support location-aware relevance with user control
Must	BR-05	Reports and moderation actions are traceable	Needed for provide traceable moderation
Should	BR-04	Groups can link events to IndulgeTix	Needed for connect groups to events
Could	Backlog	Leader analytics dashboard	Supports group sustainability
Won't (this phase)	Backlog	Group membership fees	Requires payments and safeguarding review

Review rule

Reassess priority when scope, risk, dependency or evidence changes.
