

Communications Plan

Status: Concept / MVP design | Domain: SME commerce and retail technology | Role: Product Business Analyst

Approach

Communication is tied to each audience, its decisions and its moments of need, rather than one generic update for everyone.

Communications plan

Audience	Information	Channel	Cadence or trigger
SME merchants	Setup, orders, stock	In-app guidance and WhatsApp support	Ongoing
Customers	Order and delivery status	Notifications	At each status change
Payment providers	API usage, volumes	Partner review	Quarterly
Delivery providers	Pickup and delivery events	Partner integration brief	At onboarding
Platform admin	Failed syncs, disputes	Admin console	Daily

Decision controls

- Record the decision, owner and date
- State the evidence or constraint considered
- Show the impact on requirements, process or release
- Escalate unresolved high-impact items
