

Communications Plan

Status: Product development | Domain: Event technology and payments | Role: Product Business Analyst

Approach

Communication is tied to each audience, its decisions and its moments of need, rather than one generic update for everyone.

Communications plan

Audience	Information	Channel	Cadence or trigger
Attendees	Ticket, transfer, refund status	In-app notifications	At each ticket event
Organisers	Sales, capacity, settlement	Dashboard and settlement report	Live and after event
Door staff	Scan results, exceptions	Scanner app briefing	Before each event
Finance and compliance	Reconciliation, variance	Settlement review	Per payout
Affiliate resellers	Sales by code	Affiliate statement	Weekly

Decision controls

- Record the decision, owner and date
- State the evidence or constraint considered
- Show the impact on requirements, process or release
- Escalate unresolved high-impact items
