

Communications Plan

Status: Delivered evaluation work | Domain: Artificial intelligence services | Role: AI Evaluation Contractor

Approach

Communication is tied to each audience, its decisions and its moments of need, rather than one generic update for everyone.

Communications plan

Audience	Information	Channel	Cadence or trigger
Evaluation client	Agreement and quality trends	Quality report	Per batch
Evaluators	Guidance, examples, feedback	Guidance hub and feedback	Each task
Quality reviewers	Sampled decisions	Review queue	Daily
Guidance owners	Escalations, drift	Escalation channel	As raised

Decision controls

- Record the decision, owner and date
- State the evidence or constraint considered
- Show the impact on requirements, process or release
- Escalate unresolved high-impact items
